## Principal's Message

Dear Readers,

This is the third and final edition of the in-house journal that has reached you. This is the last quarter period of the academic year when we say good bye to it and welcome the new one, after the summer vacation. There would then be new faces, new events, new activities and perhaps a more refreshing atmosphere. Yet the spirit of enthusiasm and eagerness among the students would prevail, as always. The final quarter period of the present year was eventful. The tiny-tots (never underestimate them, they can always throw up surprises and wonders when we least expect them to do so) were an active and animated lot. The Sports Day event took place on 4 March. Watching children playing is in itself energizing and refreshing. But the kids were in full gear that day when they took part in various sporting events. The cries of cheer and applause from parents and friends added to the atmosphere of the event, making it memorable. Another magnificent event was the Graduation Ceremony of Kids' Kingdom, which took place on 8 April. It was a joyous sight to see children showing their abilities in the various items in which they took part, in an amazing way. See and enjoy the pictures and photos of both the events.

I hope that you have enjoyed in going through the previous two editions of the Newsletter brought out this year. I am sure that you would enjoy in flipping through the pages of this edition, too. As before and always, your valuable suggestions & feedback are solicited.

Days are becoming hotter. We need to care of ourselves in order to stay fit and healthy. So by the time the new academic year begins and the Newsletter of the first quarter period is out, till then.....

A Warm good bye!

Cordially yours,  
Mrs. Vijaya Ravi  
(Principal/Editor)

## Vice-Principal's Message

Dear Readers....

I am glad to convey my good wishes to the students and staff of Eklavya Public School, for bringing forth its 3<sup>rd</sup> Edition of News Letter - 'INSIGHT' 2017-18'.

This news letter is indeed a pious attempt to make our budding talents give shape to their creativity and learn the art of being aware because I believe that our success depends upon our power to perceive, the power to observe and the power to explore.

We are sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by our young buddies will surely stir the mind of the readers and take them to the surreal world of unalloyed joy and pleasure. We have put in relentless efforts to bring excellence to this treasure trove.

I gratefully acknowledge the valuable contribution of all the members of editorial board in the publication of news letter 'INSIGHT-'. The pages ahead reflect the world of art, innovation, creativity and words of our saplings.

Hope you enjoy our mosaic of activity and acknowledge the talents of our students

HAPPY READING.....

Mr. Manish Jhala  
Vice Principal

## Hindi

Hindi is flexible language that it can be easily taught and as per the progress of the learner. Its flexibility and phonetic based word formation capabilities make it one of the easiest languages to grasp.

The chapters which are given in the syllabus, will be helpful to implement in their daily routine. As a primary language, it is easy to understand but use of

Matras is a tricky affair, which even natives find it hard to grasp while writing. So, Hindi is easy to learn and speak but a bit difficult to write correctly.

English Medium students easily read and write English, but Hindi they may have obstacle in grammar. It's difficult for a vernacular to communicate in Hindi so make them read loud in classes so that they gain confidence in themselves . Reading helps them to pronounce the word in proper accent. I give some assignment like making speech on some topic they like and speaking them in front of the class. This will help to boost their confidence.

- Mrs. Hetal Gondaliya

## Gujarati

આપણી માતૃભાષા ગુજરાતી છે. ગુજરાતી હોવાનો આપણને ગર્વ છે. કોઈપણ ભાષા માતૃભાષાનાં માધ્યમ દ્વારા જ સરળતાથી શીખી શકાય છે. આપણા વિચારોનું આપણી લાગણીઓનું આદાન-પ્રદાન આપણે માતૃભાષામાં જ સારી રીતે કરી શકીએ છીએ. માતૃભાષા એટલે જાળકને મા દ્વારા વારસામાં મળેલી ભાષા. ઘરમાં જે ભાષા બોલાતી હોય છે તે જ જાળકની માતૃભાષા હોય છે. માતૃભાષા દ્વારા મેળવેલું શિક્ષણ જાળકને જલ્દી પચે છે. આથી જાળક જે તે વિષયોને સારી રીતે સમજી શકે છે અને પોતાના વિચારો પણ સારી રીતે વ્યક્ત કરી શકે છે. એકવાર માતૃભાષા દ્વારા શિક્ષણ મેળવી લીધા પછી જાળકને અન્ય ભાષાઓ શીખવામાં ઘણી સરળતા રહે છે.

યુનેસ્કોએ ૧૯૯૯ નાં રોજ ૨૧ મી ફેબ્રુઆરીને આંતરરાષ્ટ્રીય માતૃભાષા દિવસ તરીકે જાહેર કર્યો હતો. ગુજરાતી ભાષામાં અનેક કવિઓ અને લેખકો પણ થઈ ગયા છે. આપણે ગુજરાતી ભાષાની ગરિમા જાળવવાની છે. નવી પેઢીને ગુણવંતી ગુજરાતી ભાષા આપીને જવાનું છે. આપણે સૌએ ગુજરાતી ભાષાને ધજકતી અને મહેકતી રાખવાનો નિશ્ચય કરવાનો રહેશે.

ગુજરાતી મારી માતૃભાષા છે અને રહેવાની. મારી ભાષા મારું અભિમાન છે.

ગુજરાતી વિષયમાં જાળકોને ઘણી પ્રવૃત્તિ દ્વારા શિક્ષણ આપવામાં આવે છે - જેમ કે શબ્દ રમત, શ્રુતલેખન વગેરે. વર્ગમાં જાળકોને ક્લાસટેચર, અસેસમેન્ટ તેમજ વર્કશીટ દ્વારા વિસ્તારપૂર્વક ગુજરાતીનું જ્ઞાન આપવામાં આવે છે. વર્ગમાં દરેક જાળક પાસે પાઠનું વાંચન કરાવવામાં આવે છે જેથી જાળક શબ્દ ઉચ્ચારણ શીખી શકે. ગુજરાતી વ્યાકરણ શીખવવા માટે જાળકો પાસે અલગ-અલગ ચાર્ટ તૈયાર કરાવવામાં આવે છે.

- Ms. Meena Solanki

## Physical Education

Sports and Games, including indoor and outdoor games and athletics, are important for success in every walk of life. First of all, sports and games are good exercises and help build fine physique. They make students mentally alert and physically strong. Further, good health is one of the most important benefits of sports and games. Secondly, students learn to cope with difficult situations to overcome nervousness, and they get much needed break from monotonous life! Further, sports and games help build a sense of co-operation and team spirit among students. “A sound mind in a sound body,” and it is an unavoidable necessity for all. The training in sports and games should be given in a scientific way and the suitability of a specific sport or game is to be determined based on the ability and interest of the student. Inclusion of sports and games in the curriculum of studies is, therefore, very important. Why play? We play by nature. Everyone has an instinct to play as one has an instinct to work! We work in serious mood and play in light mood. Therefore, play and work are complementary to each other! One cannot always be in a serious mood; one requires relaxation! Outdoor game or sport recharges battery of energy. Sportsman's spirit helps tide over the pangs of life!

- Mr. Vishal Dave

## Art & Craft

“Art knows no boundaries.”

When children participate in both art & craft ,creativity & imagination receive strong stimulation. A child with a paintbrush in his hand suddenly has the ability to create vivid painting and express himself boldly with colour & brush strokes. The youngster can also learn about symbolic communication through the art and create choosing various colours to

communicate feelings.It is the teachers that help children to understand the importance of art & craft in order to achieve their creative potential. All children love to create art and make things. In young children playing with arts and crafts inspires creativity while helping them to focus their mind and complete a set task while other children can begin to gain an understanding of artistic and design skills that may affect their future educational choices.

- Mr. Paresh Gohel

## Human Digestive System Presentation

Although nature is remarkably adaptive, there are limits to what that adaptability can accomplish. Students of grade 7 presented the human digestive system in which they showed and learned how large organic masses are broken down into smaller particles that the body can use as fuel. A diagram of the human digestive system was also shown by them to get an easier understanding of the concept.

## Hindi Activity

We all love to tell stories; it is inherent in our nature. It's important for our children how to listen to stories and how to tell their own. Story telling helps students to communicate better, satisfies their curiosity and gives wings to their imagination as well as it makes academic learning easier. With this motive, our students of class 7 gave narrated stories as part of their Hindi presentation.

## Water Purification

Purification processes of water such as Sedimentation, Decantation and Filtration were conducted and performed by our students, thus, making the students aware of the efforts taken for purification of water.

Simple activities can lead towards good abilities and acumen. For building up stable foundation of various concepts and developing the mathematical abilities, we devised multitude of teaching learning methods.

Preparation of birthday graph was done that allow our IV standard learners to utilize the knowledge gained through the chapter - Data Handling. Various games were devised for harnessing the concept of division, multiples and factors.

Fraction was explained through paper folding activity. To inculcate the knowledge of Perimeter and Area, the Perimeter and Area of the Maths laboratory was calculated.

## Maths Activity

Electricity - we depend on it every minute of every day. And yet to many of us, electricity seems a mysterious and even magical force. The students of class 6 learnt how to build an actual electric circuit and shared their findings and began to construct an explanation of how a circuit works. They learnt that an electric current requires a complete loop, called a circuit, in order to flow. Students gained scientific knowledge by the activity.

## Electric Circuit

## G.K. Quiz Competition

An Inter-House General Knowledge Quiz Competition was organized so as to improve the students' knowledge about different topics based on English language, Literature, General Awareness, Sports, Audio -visual round and some on miscellaneous topics. Every moment was exciting and nail-biting. Every team kept fighting throughout the competition.

## Solo Dance/Act Competition

To show the budding talents, an 'Inter-House Solo Dance and Act Competition' was organised for classes V to VIII in the school campus. The thrilling performances, being an amalgam of folk, western and classical dances, kept a hold on the audience till the end of the show. The very talented dancers and actors set the floor on fire with their energetic performances.

## Elocution Competition

The English Elocution Competition of classes I & II was held in the school premises. It is an attempt of the school to promote English speaking skill. The students spoke well and addressed the topic from various angles with a good effort. They spoke fluently and to the point. All of them came forward and participated in the competition with great enthusiasm.

## Swachhta Abhiyan

Our students from Class V went to the areas adjoining the school and did the cleaning as part of Swachhta Abhiyan. The main purpose of this activity was to create awareness among the students regarding Cleanliness and its benefits. The students really felt a sense of satisfaction after doing a little towards making their country a little cleaner.

## एक कदम स्वच्छता की ओर

## Value Based Activity

The value based activities are designed to motivate students and to involve them in thinking about themselves, others, the world and values in ways that are relevant. These activities are designed to tap the experience of values within and build inner resources. The value based activities develop personal, emotional and social skills along with the peaceful and cooperative social skills; with the same motive the Eklavyans participated in the Value Based Activity and learnt the responsibilities of a citizen.

## Educational Visit

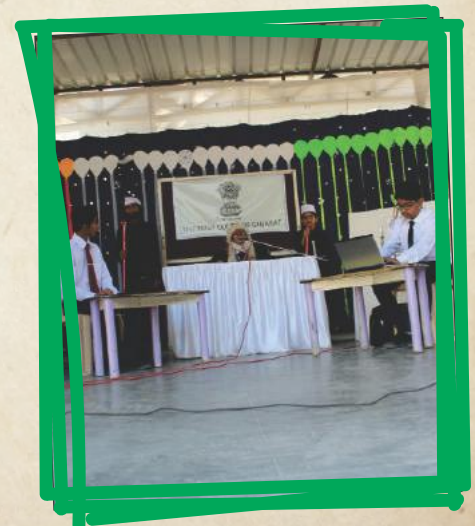

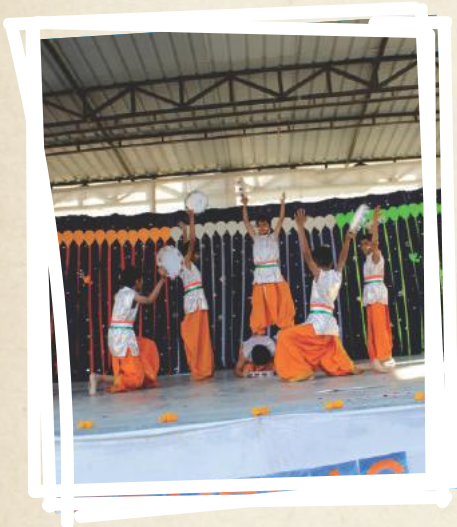

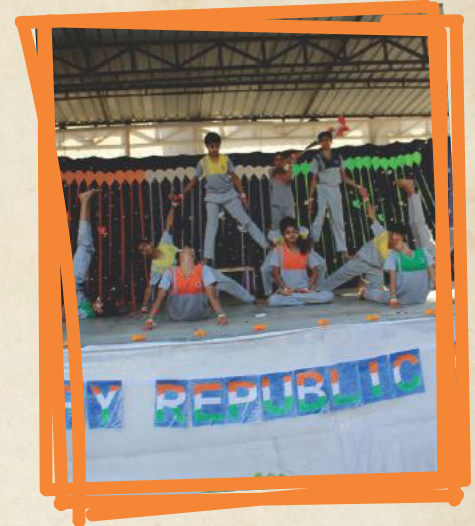

The purpose of a study visit is to generate an exchange of experience and good practice between the places we visit and the places we all come from. Thus, visiting an educational place can be an exciting experience and an important learning tool for our Eklavyans. Our Eklavyans had a glance of the history of Junagadh in the museum.

## Republic Day

The Republic Day was celebrated in all its solemnity and grandeur in the school premises on January 26. An air of patriotic fervour permeated the atmosphere. A colourful cultural programme presented by the school students added to the festive spirit to the occasion. The vibrant show commenced with melodious patriotic group song. The high school section of the school staged a play of 'Hierarchy of Indian Courts' through literacy, enlightening the audience of its relevance.

## Patriotic Week

The patriotic week was celebrated in the school campus before the Republic Day with great enthusiasm and patriotism. The students took part in different activities such as group song, group dance, patriotic speech etc., with great zeal and zest.

## Makarsankranti Celebration

"A kite flies even higher with strong adverse wind. So don't despair, enjoy flying our kite whilst the wind blows."  
-Mufti Menk

The Primary wing of the school celebrated Makar Sankranti on Friday, 13 January 2018, where students flew beautiful kites with coloured papers and filled the sky with colours. As our Eklavyans were desperate to fly their kites high in the sky, our teachers are also willing to take them to the heights in their future.

## Science Day

As part of the National Science Day, the Eklavyans took part in different competitions such as Elocution Competition and Painting Competition organized by ICAR - Directorate of Groundnut Research and showed their enthusiasm by participating in competitions.

## Remedial Class

Remedial instruction can help struggling learners shore up their basic skills. This extra support can help them catch up to their peers. And sometimes, if a student's gaps in learning aren't related to a disability, it can eliminate the need for referral to special education, with the same efforts of our teachers who give students their extra time to come up and make up prove our motto "WHERE NO CHILD IS IGNORED"

## Students Exchange Programme

The students from Genius English Medium School, Rajkot, visited Eklavya Public School, as a part of Students' Exchange Programme and witnessed different range of curricular, as well as co-curricular activities. After having made the transition into a new school, students have the confidence to pursue life goals and to strive to put more by themselves whatever may be the task at hand. The excitement of learning, living and experiencing another schooling system is quite enriching.

## International Maths Olympiad

Olympiad exams not only test the basic subjects taught in the school, these also enhance the analytical reasoning ability in a child. This exams increase the thinking capacity, problem solving skills, confidence and hence help in an overall development of a child, at a young stage. Our Eklavyans added a feather in our cap by securing ranks in the International Mathematics Olympiad, at the school level.

## Science Olympiad Foundation Winners

Participation in various Olympiads is one of the platforms provided to the Eklavyans where they get an early exposure to learning & competitions. The students of 5<sup>th</sup> to 7<sup>th</sup> participated in different SOF exams throughout the year. The active participation of our students in number of Olympiads e.g. IEO, IMO, NSO and IGKO have made them more confident.

## Robo Race

“The way you enter, the way you proceed, the way you reveal your speed to others beings here at the enthralling event of ‘Robo Race’is what matters.”

It provides you a track to open your enthusiasm for the rush to win with your bot's . The fast speeds, tight turns, and exciting collisions in the hot wheels on track took place when our students went to Eklavya Global School to participate in the ‘Robo Race - 2018’ to test the efficiency and power, skills of their robot, under the guidance of our science teacher Mr. Milind Vanza.

## Rupayatan

Competitions play a role in motivating students to perform, excel and offer a lot more reward than just the winning prize. Our little athletes made all of us proud by securing ranks in different competitions such as Running Race, Kabbadi, Langdi, March Past etc., at Balbhavan.

## Young Talent in Sports

Motivated students are one of the foundation stones for any educational process. To put forward some fierce display of competition, skills, fitness and will power, it requires following a famous quote from none other than Margaret Thatcher, "The desire to win is born in most of us. The will to win is a matter of training. The manner of winning is a matter of honor."

Ladani Param from Class 3 played in Khel Mahakumbh and earned the crown of Young Talent in Sports. Eklavya Public School

Ladani Param feels proud to see the ripening fruit of success.

## Young Talent in Sports

ભણતરની સાથે સાથે શારિરીક ક્ષમતા તેમજ ખેલકૂદમાં પણ અદ્યમ્ય કૌશલ્ય ધરાવતા એકલવ્ય પબ્લિક સ્કૂલ ગુજરાતી માધ્યમના વિદ્યાર્થીઓએ સ્ટેટ લેવલ સુધી પોતાનું શ્રેષ્ઠ પ્રદર્શન કર્યું હતું.

## Advertisement Jingle Competition

On 10th February 2018, the Advertisement Jingle Competition was conducted in High School. The programme was a colourful display of various products in toiletries and cosmetics, and was a showcase for young talents. The advertisements included latest brands and products, such as Gujarati handloom saris, Nivea body lotion, Bru Coffee etc. The participants brought out their talent and impressed the gathering profusely.

## New Year Celebration

Our school bid a befitting farewell to the year 2017 by organizing school celebration, dance session, fun activities which were conducted, and students, as well as teachers, became the part of the activities. A few students addressed the Eklavya family with their beautiful words. A group of students specially presented an awesome performance on New Year song. The fun - filled New Year celebration concluded with very special wishes from School Vice-Principal, Mr. Manish Jhala, to the students and the staff, for the New Year 2018.

## Fun Day Activity

The Fun Day was celebrated at Eklavya Public School on 1-1-2018 with enthusiasm. The theme of the programme was THE FUN. Celebrations began with Gayathri Mantra by students. It was followed by several events such as twist and tie me, pick me up, blow me away, united we stand and join me. The classrooms were decorated beautifully by the students. Teachers also helped in conduction of events. Students arranged some games for the teachers. The programme ended with vote of thanks by Class teacher of 8th A Mrs. Ayesha Khan.

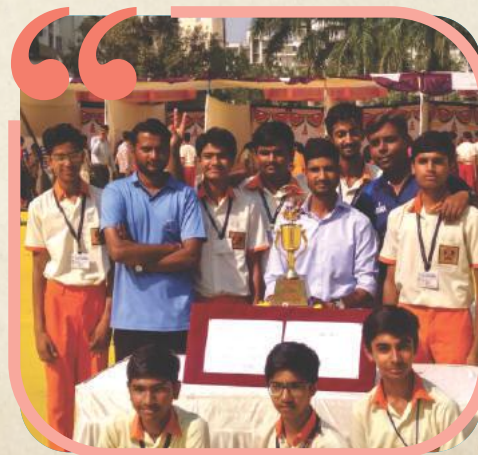

# Fun Day

## Volleyball Team

Talent can bring an athlete accolades and attention, but the ability to lead will bring the kind of success that extends beyond the court. Our high school volley ball team won the tournament of Gyan Baug Olympics with their hard work and team bonding. Their spirits were high, and the hunger to win was more than evident.

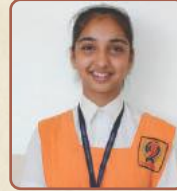

Exams are one of the most important parts of our life. We learn something from our exams whether it is our failure or success.

During preparations of exams we should be fresh minded so that we can learn and memorise easily. A student must be confident while attempting the exams and focus on understanding the concepts rather than mugging. And the last thing, be positive during the exams.

**Soham Mashru**  
Std. 7 - Azad

**Jaldhi Fatania**  
Std. 7 - Bhagat

'School is a place where we enter crying and we leave crying'. When I joined the school, everything was new for me but then the time flew by and now it seems that I've spent a lot of time in this school. Here, I had fun, learnt the basis of a student's life and gained a lot of knowledge. I still remember all the activities such as celebrations, competitions, picnic, and classroom activities in which fun, knowledge, advice, inspiration, and creativity can be achieved. In all these years I've learnt a lot and will remember this experience for my whole life.

Hygiene is the practice of keeping yourself and your surroundings clean, especially in order to prevent illness or the spread of diseases. It plays an important part in our life. Apart from washing hands, we must keep some points in mind and try to maintain the exactitude in cleaning. Some daily tips to maintain personal hygiene are:

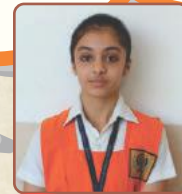

- ◇ Take bath everyday
- ◇ Brush twice a day
- ◇ Cut your nails regularly
- ◇ Wash hands before eating and after playing

These all hygiene practices ensure our body's cleanliness.

**Damiya Gondha**  
Std. 7 - Bhagat

As we've completed our 7<sup>th</sup> class and are ready to move in 8<sup>th</sup> standard, it gives me joy and sorrow both. As I've been studying here for a long time, I don't want to leave the teachers and the classes. Although I know it'll be interesting to learn new things in the high school but I'll definitely miss the primary section. The feelings while leaving are nervousness for the upcoming session, excitement and sadness of leaving the place where I had a lot of memories with my friends.

**Niyati Kaushik**  
Std. 7 - Azad

In my opinion, English language plays a vital role in development of a student. I believe that every individual should have keen interest to learn English as it can help to achieve a lot in life. As a student, I take great interest to master over it. I have great respect for it as it has opened a new gate of knowledge for me. It has broadened my way of thinking. The knowledge of English will provide me a lot of chances to make myself stable in future.

હું આ શાળામાં ઘણું શીખી છું.  
Spoken English Activity  
અંતર્ગત અંગ્રેજીમાં ગીત ગાયને અલગ  
પણ મૂળ જ ગમે છે. Sunday Maths Class  
જ અભુજવ થયો છે. સ્કૂલમાં CCA Activity પણ  
મને મૂળ જ ગમે છે. અવનવી સ્પર્ધા ઘડા હું ઘણું  
શીખી છું. Stage પર ડાન્સ કરી મે મારી સુમુખ  
શકિતઓ ખીલવી છે. હું આ સંસ્થાનો મૂળ આભાર  
માનું છું.

**Sankaliya Bhakti**  
Std. 7 - Bhagat (G.M.)

**Dhyye Jethva**  
Std. 6 - Bhagat

Importance of sports in a student's life is equal to the importance of education. Sports mean an activity involving physical exertion and skill in which individual or team competes with one another for entertainment. As it is said 'Health is Wealth', to be healthy, we are required to be physically fit and to be fit we need sports. Sports play a vital role in a student's life.

- S - Social Skills
- P - Physical Fitness
- O - Obedient
- R - Resourcefulness
- T - Teamwork
- S - Stress Tolerance

**Rushil Sureja**  
Std. 6 - Azad

'A teacher is the second mother of a child.'  
A teacher takes your hand, opens your mind and teaches your heart. The teachers in my school are very supportive and they care for us as our mothers do. They provide us knowledge and make us ready to face the challenges of life. A teacher is like a candle, it consumes itself to light the way for others. They always encourage us to do our best. Of all the hard jobs around, one of the hardest jobs is being a teacher. I love my teachers and will miss all of them.

**Maitry Chhatrala**  
Std. 6 - Azad

"Every man of whatever race, condition and age is endowed with the dignity of a person and has a right to an education." After visiting Genius English Medium School at Rajkot, I am committed to be creative and dynamic in the learning process. I got a spirit of freedom and fellowship, mutual respect and service, care and concern for everyone. My school helps the students to become honest citizens who are rooted in their culture, open to other cultures and responsible to transform the society.

**Hardik Sangtani**  
Std. 7 - Azad

A good student must have a huge desire and passion to learn and explore something new. A good student must be punctual, organized, and know how to develop self-discipline. For instance, he or she must always come to class and do the assignments and projects on time. Developing a good time-management and self-discipline is, in fact, a part of professional development for students and is directly related to their success. In addition, a good student must be active and be polite. A good student would actively participate in the class discussions and would not hesitate to ask questions to his or her teachers. Other aspects of a good student are honesty and consistency. A good student should be academically honest in all aspects of his or her schoolwork.

**Harshil Yagnik**  
Std. 5 - Drona

હું હજુ સ્કૂલમાં આવી તેને છ મહિના જે થયા છે. પરંતુ મને ઘણું જ શીખવા મળ્યું અહીં મને પ્રેમાળ શિક્ષકો પણ મળ્યા જેમણે મારી અભ્યાસમાં ભૂલોને સરળતાથી સમજાવી અને કેમ સુધારવી તે સમજાવ્યું. Sunday Maths Class અને Doubt Clearing Day પણ મને ખૂબ જ ગમ્યા હતાં.

**Ghodasara Harmi**  
Std. 7 - Azad (G.M.)

What is a friendship bond?  
A friendship bond is a bond based on trust, honesty and sacrifice, a bond that it is as hard as God's trust, as grand as love and as precious as family ties, born into someone's heart. A bond that makes us realize that in this world we need a gal by our side, a gal that completes us. A person is called very lucky to have true friends in his life. True friendship gives us memorable, sweet and pleasant experiences in life. It is only a true friend who can play the role of a friend, philosopher and guide. Such a friend will advise you with your best interest at heart. A true friend is one who you will always value and cherish with all your heart. And you will reciprocate in full measure a true friend's love and affection, as also care and concern.

**Vaibhav Parmar**  
Std. 5- Chanakya

એકલવ્ય પબ્લિક સ્કૂલ દ્વારા ધોરણ-૧ થી ધોરણ-૯ સુધીના વિદ્યાર્થીઓ દ્વારા ભવ્ય હર્ષોલ્લાસપૂર્વક સ્પોર્ટ્સ ડે ની ઉજવણી કરાઈ હતી.

ઉદ્ઘાટન સમારોહમાં રંગારંગ કાર્યક્રમની સાથે અતિથિ વિશેષ માનનીય શ્રી વિનુભાઈ અમીપરા તથા મેનેજમેન્ટની પ્રેરક ઉપસ્થિતિમાં જ્યોત પ્રજ્વલન તથા પડઘમના ઉર્જાસભર સુર સાથે સ્પોર્ટ્સ ડે ને ખૂલ્લો મુકવામાં આવ્યો હતો.

વિવિધ રમતો જેવી કે એથલેટિક્સ, રિક્લેશનલ અને શાલેય રમતો શાળાપ્રાંગણમાં નિયત જગ્યાએ યોજાઈ હતી. રમતોત્સવના વિજેતાઓને મહાનુભાવોના હસ્તે ટ્રોફી તથા મેડલ પ્રદાન કરેલ.

વિદ્યાર્થીઓને પ્રવાસ પ્રત્યે આકર્ષણ હોય છે. શાળાના વાતાવરણથી અલગ જ્યાં વિદ્યાર્થીઓ મુક્તપણે પોતાના સાથી મિત્રો સાથે વાર્તાલાપ કરી શકે તથા વિદ્યાર્થી અને શિક્ષકોનો એક પ્રેમાભસેતુ એટલે પ્રવાસ.... સાથે જ.... સાથી મિત્રો તથા શિક્ષકો સાથે ફરવાની ક્ષણો એ જીવનની યાદગાર ક્ષણો છે. ધો-૧ થી ધો-૧૦ સુધીના વિદ્યાર્થીઓએ જુદી જુદી જગ્યાઓ પરનાં પ્રવાસ ખૂબ જ આનંદોલ્લાસભર માણ્યા હતા. વિવિધ રાઈડ્સ તથા એમ્યુઝમેન્ટ પાર્કની મુલાકાત, મિત્રો સાથે ફરવાની તથા જમવાની મજા વિદ્યાર્થીઓ તથા શાળા પરિવાર માટે યાદગાર સંભારણું બની રહેશે.

# SCIENCE, MATHS AND ART EXHIBITION

21

વિદ્યાર્થીઓમાં ગણિત અને વિજ્ઞાન વિષય અંગેનું પ્રાયોગિક જ્ઞાન કેળવાય. તેમજ વિદ્યાર્થીઓમાં રહેલી સર્જનાત્મક શક્તિ તથા Communication Skill નો વિકાસ થાય તે હેતુને સાર્થક કરતો Science Exhibition - 2018 એકલવ્ય પબ્લિક સ્કૂલના દાઈસ્કૂલ વિભાગના પટાંગણમાં ખૂબ જ ભવ્ય રીતે ખૂલ્લો મૂકાયેલ. આ વિજ્ઞાન મેળામાં ૨૦૦ થી વધુ મોડેલ્સ તથા હવાના દબાણથી આકાશમાં છોડાયેલ રોકેટ આકર્ષણનું કેન્દ્ર બન્યા હતા. ઉપરાંત, ગણિતના પ્રાયોગિક સિદ્ધાંતોની સમજ આપતી રસપ્રદ કૃતિઓ પણ રજૂ કરાઈ હતી. વિદ્યાર્થીઓમાં આનંદ માણવાની સાથે વિવિધ કૌશલ્યોનો પણ વિકાસ થતો જોવા મળ્યો હતો.

# Recipes for Success

Practical Activities to Help Your Child Succeed

## READING Sight word parking lot

Vroom, vroom! Driving toy cars into a sight word "parking lot" is a playful way for your child to learn to read common words like went, have, and because.

**Ingredients:** list of sight words (ask her teacher for a list, or find one online), cardboard, crayon, toy cars

Let your youngster draw parking spaces on the cardboard. In each space, she can write a sight word.

Challenge her to read a word—and park a car in the spot—until she has filled her parking lot. (Help her with any words she misses.) Then, she can read all the words at first glance, it's time to make a new parking lot with different words.

## MATH Lucky prime numbers

Your child will get plenty of division practice with this game as she figures out which numbers are prime—evenly divisible only by 1 and themselves.

**Ingredients:** paper, pencil, two dice, board game tokens

Help your youngster create a "100 chart." She should draw a grid with 10 rows and 10 columns and number the boxes in order (1–100).

Put your tokens next to 1, and take turns rolling the dice and moving the number of spaces shown. If you land on a prime number, such as 2, 3, 5, 7, 11, or 13, roll again. If not, your turn ends. The first player to reach or pass 100 wins.

**Tip:** To figure out if a number is prime, your child can use paper and pencil to try dividing it by 2, 3, 5, and 7. If it's not evenly divisible by any of those numbers, it's prime.

1	2	3	4
11	12	13	14
21	22	23	24
31	32	33	34
41	42	43	44

## HISTORY The year you were born

What happened the year each member of your family was born? With this project, your youngster will explore history and build research skills.

**Ingredients:** poster board, markers, almanac or Internet

Together, come up with five things to learn about the year of each person's birth. *Examples:* Who was president? What was the number-one pop song? Who won the Super Bowl?

Have your child write the questions down the left side of the poster board and add a column for each family member. Then, he can find the answers in an almanac or online and put them on the chart.

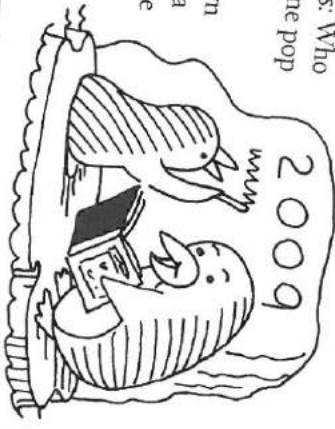

## WRITING

Ask your youngster to write steps for completing a task, perhaps washing the dishes. Together, follow the steps exactly. He'll find that writing specific instructions makes it easier to get the job done. For instance, he can't squeeze out the detergent if he didn't write to open the cap first!

## Refrigerator Poster

Just hang your Recipes poster on the refrigerator and sneak in an activity when you have a few minutes. These fun activities will help develop school success and positive behavior. Check off each box as you complete the "recipe."

## THINKING

Place two similar items, such as a sticker and a postage stamp, on a table. Take turns thinking of ways they're the same (square shape, sticky back) and different (straight vs. curvy edges). How many similarities and differences can your child discover?
